Joining a Teleparty

1. In the Chrome browser, visit the Netflix website, and log in with your own credentials:
<http://www.netflix.com>
2. Go to the e-mail you received from the Movie Night host and visit the link to the Teleparty Group from within the Chrome browser.

- This will take you directly to the Netflix movie, **but will not** automatically join you to the party. In order to join the party, you **must** click the red TP icon pinned to the right of the Chrome Address Bar:

- Teleparty will now sync the movie streams across all participants, and you will be joined to the Teleparty chat feature. You can customize your name and icon by clicking the icon in the top right of the chat:

- Sit back, enjoy the movie, and enjoy chatting with fellow AAPM members about the movie!
