COVID-19 SAFETY INFORMATION

While participating in the in-person Event, or any AAPM function:

1. Only fully vaccinated and masked individuals are permitted to attend the hands-on workshop at UT Southwestern Medical Center.
2. All attendees will be requested to wear masks indoors to reduce the risks of exposure to COVID-19.

Because COVID-19 is highly contagious and spreads mainly from person-to-person contact, AAPM has put in place preventative measures to reduce the spread of COVID-19. However, AAPM cannot guarantee that Event participants or others in attendance will not become infected with COVID-19. Considering the current infection rate of COVID-19, individuals who fall within any of the categories below should not participate in-person in the Event and other face-to-face AAPM functions.

By attending the Event, you certify that you do not fall into any of the following categories:

1. Individuals who currently or within the past fourteen (14) days have experienced any symptoms associated with COVID-19, which include fever, cough, and shortness of breath, among others.
2. Individuals who believe that they may have been exposed to a confirmed or suspected case of COVID-19 or have been diagnosed with COVID-19 and are not yet cleared as non-contagious by state or local public health authorities or the health care team responsible for their treatment.
DUTY TO SELF-MONITOR
Participants agree to self-monitor for signs and symptoms of COVID-19 (symptoms typically include fever, cough, and shortness of breath) and will contact Mariana Gallo, AAPM Director of Meetings and Programs, if they experience symptoms of COVID-19, within 14 days after participating at the Event.
