

# STUDENT & TRAINEE *Events Information*

## 7.21.24 | ANNUAL STUDENT MEETING - NAVIGATING THE FUTURE: STAYING CURRENT IN MEDICAL PHYSICS ROOM 152, LOS ANGELES CONVENTION CENTER 8:30 AM - 10:30 AM

The Annual Student Meeting this year will provide attendees with the information and strategies needed to independently stay up to date with both emerging technologies and clinical advancements to become well-rounded physicists that understand the future of their field.

HOSTED BY THE STUDENTS AND TRAINEES SUBCOMMITTEE

## STUDENT & TRAINEE LUNCHEON - EMPOWERING INNOVATORS: EQUIPPING FUTURE LEADERS OF MEDICAL PHYSICS RESEARCH | 7.21.24 ROOM 152, LOS ANGELES CONVENTION CENTER 11:00 AM - 12:30 PM

At this session, attendees will be able to enjoy lunch, network with peers and colleagues, and learn from a group of experts who are excited to share their valuable insights and experiences on a range of important subjects. Topics will cover Medical Physics 3.0, Diversity and Inclusion, Global Health, and Early Career Funding, with special focus on how these different areas impact research and innovation in medical physics.

HOSTED BY THE WORKING GROUP ON STUDENT AND TRAINEE RESEARCH

## 7.21.24 | RESIDENCY FAIR : EXHIBIT HALL, LOS ANGELES CONVENTION CENTER PART I 12:30 PM TO 2:00 PM PART II 2:30 PM TO 4:00 PM

The Residency Fair aims to provide prospective residents and trainees an opportunity to learn more about individual residency programs and meet representatives from the participating institutions. This event is also an excellent opportunity for program directors and current residents to promote their programs directly to trainees and meet prospective applicants across North America and beyond that might be a good fit for their team.

HOSTED BY THE STUDENTS AND TRAINEES SUBCOMMITTEE

## STUDENT AND TRAINEE NIGHT OUT | 7.21.24 PRANK BAR, 1100 S HOPE ST, LOS ANGELES, CALIFORNIA 7:00 PM - 9:00 PM

Join us for our Annual Students and Trainees Night Out at Prank Bar! This event provides the opportunity to meet and mingle with fellow students and trainees in a relaxed and fun environment.

HOSTED BY THE STUDENTS AND TRAINEES SUBCOMMITTEE

## 7.23.24 | EXPANDING HORIZONS TRAVEL GRANT PROGRAM: POSTER PRESENTATIONS EXHIBIT HALL, LOS ANGELES CONVENTION CENTER 9:30 AM - 10:15 AM

Awardees from the Expanding Horizons Travel Grant program will discuss their experiences attending conferences that are not specifically geared toward traditional medical physics, focusing on broad scientific impact and opportunities for medical physicists in various fields. Attendees will have the ability to view the Expanding Horizons posters and learn about the hot topics and emerging research areas presented at these conferences, understand the relevance to future medical physics research, and submit questions to awardees during an interactive ePoster session.

HOSTED BY THE WORKING GROUP ON STUDENT AND TRAINEE RESEARCH

## MEDPHYS SLAM: FINAL COMPETITION | 7.24.24 ROOM 408B, LOS ANGELES CONVENTION CENTER 1:30 PM - 3:30 PM

MedPhys Slam is a research communication competition in which participants prepare a three-minute presentation aimed at sharing the significance of their science in a compelling and coherent manner. This competition is entirely judged by a lay audience. Researchers spend their days investigating every minutia of their topics, but to engage investors, employers, and the public, the importance of their research must be understood by more than just the scientific community. It's all in the art of communication, and this is what MedPhys Slam aims to foster in the medical physics community.

HOSTED BY THE STUDENTS AND TRAINEES SUBCOMMITTEE
