

TOP 5 REASONS

to attend the AAPM Spring Clinical Meeting:

01

Attend clinical and professional sessions

where you will learn best practices, meet the experts and start a dialogue.

02

Develop and maintain relationships

with medical physicists and commercial product experts from around the country and the world.

03

Interact with equipment/service providers

to discuss emerging technology and solutions with product experts.

04

Participate in extended discussions with new and longstanding colleagues

through a meeting format designed to provide ample opportunities.

05

Presidential Symposium

featuring thought leaders discussing the impacts of the many disruptors of the last few years as well as shining a light on recent workforce data.
